LEXINGTON SCHOOL COMMITTEE MEETING  
Tuesday, November 2, 2010  
Lexington Town Office Building, Selectmen’s Meeting Room  
1625 Massachusetts Avenue  

Present: Superintendent Paul Ash, School Committee Chair Rod Cole, School Committee Members Sandro Alessandrini, Margaret Coppe and Mary Ann Stewart (School Committee Member Jessie Steigerwald was not present due to illness). The minutes were taken by Leora Tec.  

The meeting was convened at 7:32 p.m.  

I. Call to Order and Welcome (Rod Cole)  

II. Public Comment  

Phyllis Neufeld (LEA President): I would like to request that School Committee meetings not be held on election days in the future.  

III. Superintendent’s Announcements  

1. Presentation of M.A.S.S. Academic Excellence Award to LHS Senior to Aviva Mattingly. The award is for students who exemplify high academic achievement and the values of the community. Dr. Ash read a statement written by Lexington High School Principal Natalie Cohen about Aviva Mattingly.  

IV. Members’ Reports / Members’ Concerns  

Margaret Coppe: We are having a Special Town Meeting in a few weeks and we should take a position on Article 2 at some point.  

Rod Cole: We can meet an hour before Town Meeting convenes to discuss our positions on the relevant Articles.  

V. Discussion Items  

1. Discussion and Vote on Draft FY12 School Capital Requests. Introduced by Superintendent Paul Ash. This year we have ordinary capital items as well as extraordinary capital items related to replacement and renovation of schools and extraordinary capital for technology.  

Questions posed by the Committee were answered by Superintendent Paul Ash, Mary Ellen Dunn, Assistant Superintendent of Finance and Business, Pat Goddard, Director of Public Facilities and Thomas Plati, Director of Educational Technology and Assessment.  

There were comments and questions from the audience.
Motion to approve passing this document on to the CEC (Coppe, Stewart). The motion passed 4-0.

2. 2010 MCAS Report. Presented by Thomas Plati. Mr. Plati summarized the MCAS results, explained how the public can access the results and discussed MCAS tests as they relate to SPED students including how to improve test results in the future.

3. FY10 4th Quarter Financial Report. Presented by Mary Ellen Dunn. We returned over a million dollars to the Town from FY 08 and 09. This money will be available for appropriation for FY 12 as part of the free cash certification. We returned $1,940,000 from FY 10 and those funds are going to be available for appropriation for FY 12. And we are also carrying forward over $1 million four from FY 10.

There were questions and comments from the Committee.

4. FY11 1st Quarter Financial Report. Presented by Mary Ellen Dunn. We are projecting a year-end balance of approximately $417K. We have a deficit of only approximately $70K in the out of district tuition line. If we had gotten 72% as we did in the past, our circuit breaker claims would have been up over $400K due to the work of the Student Services Finance and Operations Manager, the technology staff, the student database administrators, the ETLs and the SPED staff. Thanks very much to Heidi Zimmerman and the Special Education staff. It is important to remember that students equal dollars in this context.

There were questions and comments from the Committee.

Motion to approve the transfers that are incorporated in the 1st quarter report (Stewart, Alessandrini). The motion passed 4-0.

5. Update on Estabrook Environmental Issues. Presented by Paul Ash. There was a meeting of the Estabrook faculty yesterday afternoon. Dr. Ash expressed his appreciation for the faculty who have done an incredible job dealing with a difficult and unforeseen situation. The students at Estabrook school have received the same high level education as the rest of the students in the district. The children will move back into classrooms next Tuesday—the details of these moves were discussed at this meeting as well. He will meet with the advisory committee on Thursday with Dr. MacIntosh from EH&E at which time they will discuss what will happen between now and the Special Town Meeting. The advisory committee is comprised of hard-working people with great ideas. We are going to continue working on reducing PCBs and will continue testing and mitigation work. This Friday the emergency SOI will be submitted to the MSBA.

Rod Cole echoed Dr. Ash’s comments about the staff and reported that Estabrook parents had glowing reports regarding the staff.
