II. Superintendent’s Announcements

1. I received a call from Diane Sullivan, an administrator for the MSBA yesterday. Thus subject to the approval of the voters we will have a partnership with the state to build a new Estabrook School. I look for to working with town boards and residents in this endeavor.

IV. **Action Items**

1. **Draft Medication Policy – First Reading.** Presented by Margaret Coppe. What we had previously included procedures as well as a policy, so we have streamlined it to be only a policy. Ms. Coppe proposed three changes to the draft document: 1). In line 37, remove the words “for the use in children;” 2). At the top of the page change “Page 1 of 2,” to “Page 1 of 1;” and 3). Change the date of the first reading to Feb. 8th 2011.

   Discussion included, *inter alia:* the possibility of dispensing with third readings as a rule; a question as to why epinephrine was the only drug singled out by name and an inquiry as to whether particular drugs in certain situations may be given without the written permission of the child’s PCP.

   **Motion to approve the first reading of the draft medication policy** (Coppe, Alessandrini)
   The motion passed 5-0.

   **Dawn McKenna** (precinct 6): Expressed concern with the idea of dispensing with the third reading as a rule.

2. **Vote to Approve School Committee Norms.** Introduced by Rod Cole. The norms focus on how the School Committee members work together. They also address some issues of how the School Committee works with the public, for example the School Committee does not immediately address issues that are brought to them during Public Comment. Amendments to the norms: 1). Move the note from the footer regarding the School Committee oversight of the budget and Superintendent to the first paragraph; 2). In the second paragraph replace the word *Board* with the words *School Committee*.

   **Motion to approve the School Committee norms as amended** (Steigerwald, Stewart). The motion passed 5-0.

3. **Vote to Accept a $300.00 Donation to the Lexington High School Science Fair from Cubist Pharmaceuticals, Inc.**

   **Rod Cole:** Jessie Steigerwald put together a 360 evaluation document for the superintendent’s evaluation which was very helpful. Thanks to all who responded. It is very useful in our work in evaluating the superintendent.
