Dear Parent(s) or Guardian(s):

This *Parent/Guardian Report* provides your child's results on the 2015 Massachusetts Comprehensive Assessment System (MCAS) tests. For each test that your child took in spring 2015, the report shows your child's **Achievement Level** (*Advanced, Proficient, Needs Improvement, or Warning/Failing*). In addition, each child who participated in the English Language Arts (ELA) or Mathematics tests in grades 4–8 or 10 in 2015, and who also took the prior MCAS test in that subject, receives a **Student Growth Percentile** (SGP) score. The SGP shows how your child's progress compares to the progress of other students in the same grade statewide who earned similar MCAS scores in previous years. The report also provides information regarding how your child's performance compares to school, district, and state performance; how your child performed in different sub-content areas of the test(s); and how your child did on individual test questions.

If you have questions about your child's performance, I encourage you to meet with your child's teacher(s) to discuss the results and identify ways that you can partner with your school to support your child's education.

Sincerely,

Congratulations to Teachers, Administrators, Families and Students
