Elementary Class Size Guidelines:

The School Committee will make every effort to maintain the following building-wide teacher/pupil ratios for the duration of the Agreement:

- Kindergarten: 1-18
- Grade 1: 1-22
- Grades 2-5: 1-24

In the event that an elementary classroom exceeds the following maxima listed below on October 1 of the school year, or on any day following October 1 of that school year, the teacher will be provided with two (2) hours per day of instructional aide assistance. The scheduling of this aide time shall be determined by the School Council.

- Kindergarten: 20
- Grade 1: 24
- Grades 2-5: 26

If any class exceeds the maxima by twenty percent (20%) or more, the class will be split. The above maxima apply to "home room" class size and not to class sizes as a result of redeployment of students for specific subjects as mutually determined between and among teachers

*Student enrollment, particularly at the kindergarten level, is subject to change as families register for the upcoming FY17 school year.

**School-level projections are based on current school assignment boundaries. New school-level projections will be necessary should boundaries change as a result of redistricting or student assignment policies. District-wide projections (i.e. elementary, middle, high) are not dependent on such boundaries.
