I. Call to Order and Welcome

II. Public Comment

Bonnie Brodner: I wanted to make you aware of a very valuable program that my
10 year old is a part of. It is a peer-mentoring program for children with learning
and attention difficulties. It is called SMARTS. There is a benefit for SMARTS on
November 12th. Dr. Ned Hallowell will be the keynote speaker.

Judy Crocker (Safe Routes to Schools coordinator for the Sidewalk Committee):
Tomorrow is International Walk Day and Lexington’s first Walking Wednesday.
We are in the running to have an infrastructure grant for Bowman School for
$250K. There are other projects in the works as well.

III. Superintendent’s Announcements

1. $250,000 Grant to Provide Security Equipment at Lexington High School

We have received a $250K grant for security enhancements at LHS from the
Department of Justice, Office of Community-Oriented Policing as part of the
targeted technology program. We will add approximately 130 cameras and
access-control hardware on select doors that will function on nights and
weekends. Thank you to Congressman Markey, Police Chief Mark Corr, Town
Manager Carl Valente and others who helped secure these funds.

Thomas Plati, Director of Technology and Assessment, briefly described the
software, which develops fluency in fractions through a fifteen-minute-a-day
routine. We are one of six sites doing the testing around the country for this
software and in exchange we are getting software valued at $12K. We are already using a sister product that is working well. Tom Snyder Productions is owned by Scholastic.

IV. Members’ Reports / Members’ Concerns:

Margaret Coppe: The Board of Selectmen voted to sign the SOI (Statement of Intent) for the MSBA (Massachusetts School Building Authority). On October 20th we will be getting the report on the work to be done on the high school and the four elementary schools.

Carl Valente, Town Manager, would like a member of the School Committee to participate on the committee for the sale of the Munroe School. The committee will review proposals and make a recommendation to the Selectmen. There is a warrant article on this for the November Town Meeting.

LEF Trivia Bee: We need to decide among ourselves who will be on the team.

Mary Ann Stewart: We all attended the Cary Library Trustees Meeting; we are all trustees. Library use is way up. There is a new website to stay on top of progress on the Stone building, to be called the Lexington Heritage Center, www.lexingtonheritage.org. There is a wine tasting fundraiser on Nov 6th from 7:30-9:30.

I met with Bob Harris, Assistant Superintendent of Human Resources and Chair of the Diversity Task Force. I was pleased to see much of our conversation reflected in the new district goal.

The LEF grantee reception was lovely and exciting. Thank you to LEF.

I attended Clarke Back to School Night. It was wonderful.

Jessie Steigerwald: Youth Services Council is meeting October 7th. Anyone who is a leader, volunteer, or participant in a group related to youth should come. One thing they are working on is a monthly free or low-cost event for middle or high-school students. Thank you to Dr. Ash for a quick response on this.

Thank you to parents and principals who responded to surveys with information on site councils.

Tom Diaz: The Fiscal Task Force met on September 30th. We will issue an amended report. Our free cash position is larger than anticipated. We exchanged drafts having to do with long-term compensation policies.
Rod Cole: There was an article in the paper regarding schools making use of online classes. Can this work for us?
